RAIL AND "BIG FOUR" HEADS IN SECRET SESSION SEEK COMPROMISE ON SENIORITY TO END STRIKE

PROPOSAL TO SUBMIT ISSUE TO ARBITRATION RECEIVED FAVORABLY

Executives to Take Report on Parley Back to President This Morning.

MEETING OF GROUPS FOLLOWS CONFERENCES AT WHITE HOUSE

Secretary Davis and George Christian **Present-Both Sides Withholding** Replies to President.

The proposal that the seniority issue-conceded to be the sole obstacle to the settlement of the railroad shopcraft strike-be submitted to arbitration by an impartial tribunal was discussed last night by a conference of railroad brotherhood chiefs and railroad executives as a basis for ending the transportation tie-up.

Although no definite agreement on the new proposal was said to have been reached at the conference, which lasted for nearly three hours, both sides were said to have exhibited a "friendly attitude toward the suggestion.

Meet President at 10 A.M. Today.

The railroad executives already have an appointment to meet with President Harding at 10 o'clock this morning, when, it was said, Mr. Harding would be told of the new situation resulting from the late-hour negotiations, in order that he might proceed from that point with his policy of mediation.

Lack of information as to the attitude which would be taken by the leaders of the striking shopmen to the proposal was said to have prevented the other union leaders from taking a definite stand. It was expected that a report on the proceedings would be made as soon as possible to B. M. Jewell, leader of the shopcrafts, and his associates with a view to obtaining their views.

Brotherhood Leaders Attend.

Among the labor leaders in the conference were L. S. Sheppard of the conductors' brotherhood and W. N. Doak of the trainmen. Secretary of Labor Davis and George Christian, secretary to the President, were also with the conferees when they an agreement providing for a part assembled.

Conferences Arranged.

While the meeting of the joint subscale committee of operators and miners had adjourned until Monday, it was learned that conferences in the meantime had been arranged for the two leaders, who had been empowered to agree on a report that would be submitted to the subcommittee Monday. Only the question of arbitration was said to be dis-

agreed on by them.
Mr. Lewis was said to have agreed to appointment of a commission of inquiry, with purely advisory powers, his proposal being similar to that embodied in the Crews-Glasgow agreement, which had been suggested early in the week as a basis for settlement of the strike on possibly national scale.

Meets Pennsylvania Owner.

Aside from conferences with Mr. Gallagher, the miners' president met with Thomas H. Watkins, a big operator in central Pennsylvania, who was understood to be willing to open pard, announced to newspaper men at his mines. They are paid salaries by societies of Indians and are well known at the Indian affairs bureau. In addition to them, Thomas G. Bishop, an Indian from the state of Washing ton, who just returned from Muskogee, McBride's home, also recognized

the victim, but only by name. See Murder Motive.

Bishop and Hamilton advanced the theory that McBride had been slain because he had come here to expose true conditions that exist between "the interests" and the Indians. This Senate will have set a new long dis- would not be the first time such a thing had occurred, Bishop said. In 1897, he declared, Peter Stan-up,

an Indian, was killed in the state of Washington because he had made arrangements to expose plots whereout of their property. Indian "stool pigeons" of the "interests," he continued, had gotten Stan-up intoxicated and then thrown him into a river, drowning him.

Opposed to this theory, however is the fact that McBride himself was a heavy owner of oil lands, from which he had derived sufficient money to keep him in ease. In addition, The Star learned last night that the man was bitterly opposed to radicalism of any sort.

Upon the death of his Indian wife McBride not only inherited an interest in her lands, but became the trustee of the remainder, which became the property of his step-daughter, Miss Ellen Deer. This property he leased for \$127,000 and turned all of the royalties from them over to the Indian affairs bureau or invested them in liberty bonds. His affiliations with the Indian office here would indicate that he is not so bit-

terly opposed to the oil interests. Bloody Shirt Clue.
